Friends,

A new year and new calendar for the canal house are always exciting. We hope to see you at our programs. They are open to all and require no admission fees. This year we are going to endeavor to increase our membership. The more members and volunteers we have, the more we can offer the public. A membership drive is underway, and you can help by inviting your friends and neighbors to join. The house will be open on some weekends to introduce the association to those interested.
